Approved organisations currently suspended

Published 05 April 2013

Notes related to the list of Suspended Approvals.

- The attached list shows organisations which have been issued with a Part M, Part 145, Part 21 or BCAR approval by the CAA, where that approval is currently suspended.
- An approval may be suspended for one or more of a variety of reasons, including a request from the approval holder in order to deal with organisational or staff changes.
- Organisations whose approval has been suspended may not use the privileges of that approval. These may include the extension or issue of Airworthiness Review Certificates or Certificates of Release to Service. If you believe that the airworthiness of an aircraft may be affected by a suspension please contact Applications and Approvals at aanda@caa.co.uk.
- This list shall be updated every two-weeks.
- Approvals that have been revoked are not included in this list.
