FOIA reference: F0001550

Dear XXXX

I am writing in respect of your recent application of 17 June 2013, for the release of information held by the Civil Aviation Authority (CAA).

Your request:

> *"the number of reported incidents that have occurred with the front nose landing wheel for the period 1st Jan 2010 to 31st Dec 2010 whilst landing takeoff or taxi-ing"*

Our response:

In assessing your request in line with the provisions of the Freedom of Information Act 2000 (FOIA), we are pleased to be able to provide the information below.

Incident reports are provided to the CAA under the terms of the Mandatory Occurrence Reporting (MOR) scheme, as described under Article 226 of the Air Navigation Order 2009 (ANO). Each report made is reviewed and, where appropriate, further investigation carried out and action taken.

We have therefore searched the UK CAA database for all reportable occurrences that relate to the aircraft nose landing wheel for the calendar year 2010 during either landing, take-off or the taxi phase of flight, and the number of those reported incidents is 23 regardless of aircraft nationality, location, aircraft type and operation.

If you are not satisfied with how we have dealt with your request in the first instance you should approach the CAA in writing at:-
