 - Timescales? 90/60/42/30/14
- Regulator response? CAA, 7 day email, 14 day Permission

Display Area Minima and FDD/FCC Matrix

- Display Area Minima
 - How are minima determined?
 - Use of 'split' Display Area with different minima – useful tool or complicating factor?
 - Effect of avoids with Display Area? Mitigation Options?
 - Liaison with pilots to ensure Display Area appropriate?
 - Managing different Lateral Separation distances – good practice examples?
- FDD/FCC Matrix
 - Good practice?

Display Monitoring and Warning Calls

- FCC Selection – fit and proper persons?
- FCC Briefing – good practice examples
- FCC Flying Display Coordination and Monitoring – good practice examples
 - Siting FCC members (safety considerations?)
 - ToRs
 - Level of autonomy?
 - Comms?
- Use of Warning Calls

Formation Briefings

- Good practice examples
 - Aide Memoire
- Dealing with ad hoc v professional teams
 - Assurance (confidence through evidence) of safe routine
 - Monitoring professional teams – who has the hammer on warning calls?
- FDD to DAE comms appropriate?

How can Display Pilots help EO/FDD?

- Confidence through **evidence**
- Comms/engagement....
- Honesty in the art of the possible?
- Managing the 'seam' ...?
 - Handover of risk management responsibilities
