

Dear AME

The CAA is planning a complete power-down of all Gatwick IT Services from 18:00 Friday 26th January, continuing throughout the weekend of 27th and 28th January 2018. This will mean that you will be unable to access AME online (through any route) during this time.

This power-down will allow the CAA to carry out essential maintenance and recovery activities. We anticipate restarting IT services early morning on Monday 29th January.

Due to this planned outage the system will **not** be impacted by the scheduled IT maintenance for Sunday 21st Jan, as is shown on the web.

The full schedule of planned maintenance is available here:

Thank you for your patience and understanding in this matter.

Kind regards

Dr Ewan Hutchison
