

29 July 2013
FOIA reference: F0001599

Dear XXXX

I am writing in respect of your recent application of 12 June 2013, for the release of information held by the Civil Aviation Authority (CAA).

Your request:

“ Could you please tell me how many incidents involving attacks on (e.g. lasers being shined), or safety of, aircraft have been reported to the CAA in the Southend-on-Sea borough and Rochford district areas over the last two calendar years, to date?

Could you provide a breakdown of the date and location of the incidents, type of incident, aircraft involved (e.g. passenger plane en route to Southend airport, police helicopter), source of attack, and whether there was a criminal investigation launched?”

Our response:

In assessing your request in line with the provisions of the Freedom of Information Act 2000 (FOIA), we are pleased to be able to provide the information below.

Incident reports are provided to the CAA under the terms of the Mandatory Occurrence Reporting (MOR) scheme, as described under Article 226 of the Air Navigation Order 2009 (ANO). Each report made is reviewed and, where appropriate, further investigation carried out and action taken.

We have carried out a search of the CAA MOR database and provided a summary report of all laser attacks on aircraft regardless of nationality which have been reported as location Southend or Rochford (we are currently unable to provide a search by district therefore the search has been conducted as the reported location being Southend or Rochford) for the dates 01 January 2010 to all processed reports as at 24 July 2013 inclusive, and included a summary of those reports. We have however, removed identifying information from these reports as this information is exempt from disclosure under section 44 (1) (a) of the FOIA.

Section 44 (1) (a) of the FOIA provides that information is exempt information if its disclosure is prohibited by, or under, any enactment. Under Section 23 of the Civil Aviation Act 1982, information which relates to a particular person (which includes a company or organisation) and has been supplied to the CAA pursuant to an Air Navigation Order (ANO) is prohibited from disclosure, (a copy of this exemption can be found enclosed).

For more information about the Mandatory Occurrence Reporting scheme, please refer to CAP382 which can be found at: www.caa.co.uk/cap382

The CAA does not hold any other information relating to subsequent actions but laser attacks are often followed up and investigated by the Police Authority.

Freedom of Information Act: Section 44

(1) Information is exempt information if its disclosure (otherwise than under this Act) by the public authority holding it-

- (a) is prohibited by or under any enactment,
- (b) is incompatible with any Community obligation, or
- (c) would constitute or be punishable as a contempt of court.

(2) The duty to confirm or deny does not arise if the confirmation or denial that would have to be given to comply with section 1(1)(a) would (apart from this Act) fall within any of paragraphs (a) to (c) of subsection (1).

Section 23 of the Civil Aviation Act is such a statutory prohibition. Accordingly, the obligations of the CAA to comply with Section 23 are unaffected by the Freedom of Information Act.

Under Section 23, information supplied to the CAA in connection with its regulatory functions and which relates to a particular individual or organisation must not be disclosed by the CAA unless such disclosure is authorised by one of the exceptions contained in Section 23 itself.
