(a) Domestic traffic is counted both at the airport of arrival and the airport of departure.

The total domestic plus international traffic is, therefore, only a measure of airport activity.

(b) Oxford (Kidlington) began reporting January 2009.

(c) Coventry closed December 2009 and reopened September 2010 for Non Commercial activity.

Please note that figures may change overtime as each new version is produced. Information relating to an airport that has ceased to handle regular traffic/closed will be excluded from this table completely. For data concerning historical years it is recommended that you use earlier produced versions of this table.
