XIII Limitations:

**ATCO.MED.A.020 Decrease in medical fitness**

- (a) Licence holders shall not exercise the privileges of their licence at any time when they:
  - (1) are aware of any decrease in their medical fitness which might render them unable to safely exercise those privileges;
  - (2) take or use prescribed or non prescribed medication which is likely to interfere with safe exercise of the privileges of the applicable licence;
  - (3) receive any medical, surgical or other treatment that is likely to interfere with the safe exercise of the privileges of the licence.
  
- (b) In addition, holders of a class 3 medical certificate shall, without undue delay and before exercising the privileges of their licence, seek aero-medical advice when they:
  - (1) have undergone a surgical operation or invasive procedure;
  - (2) have commenced the regular use of any medication;
  - (3) have suffered any significant personal injury involving incapacity to exercise the privileges of the licence;
  - (4) have been suffering from any significant illness involving incapacity to exercise the privileges of the licence;
  - (5) are pregnant;
  - (6) have been admitted to hospital or medical clinic;
  - (7) first require correcting lenses.
