Dear [REDACTED]

Thank you for your request of 22 May 2025, for the release of information held by the Civil Aviation Authority (CAA). For reference your original enquiry was as follows:

I work in the press office for Savills and working on a straightforward advice blog on drone use in the UK – I was hoping to quote an up-to-date figure for how many drones are currently registered in the UK – is this something you might be able to help with? I think you have published figures previously but can't see anything recent on your website.

Your request has been considered in line with the provisions of the Freedom of Information Act 2000 (FOIA). I can confirm that the CAA holds information within scope of the above request; if I may I shall address each of your points in turn:

Active Drone and Model Aircraft Registration and Education System registrations as of 31/03/2025:

Number of Active Flyers ID (13+): 460,655
Number of Active U13 Flyers: 9,666
Number of Active Operators - Individuals (18+): 266,110
Number of Active Operators - Organisations: 8,844
