

12 June 2014  
FOIA reference: F0001926

Dear XXXX

I am writing in respect of your recent request of 13 May 2014, for the release of information held by the Civil Aviation Authority (CAA).

Your request:

*"I am requesting information on the number of Airprox incidents (near-misses) occurred since 2005 involving planes bound for or leaving from any of the five major London airports (Heathrow, Stansted, Luton, Gatwick, City).*

*I would like you to include the following details for each incident recorded:*

- Flight number and aircraft type*
- Number of passengers on board*
- The risk level reported by the pilot".*

Our response:

Having considered your request in line with the provisions of the Freedom of Information Act 2000 (FOIA), we are pleased to be able to provide the information below.

Incident reports are provided to the CAA under the terms of the Mandatory Occurrence Reporting (MOR) scheme, as described under Article 226 of the Air Navigation Order (ANO) 2009. Each report made is reviewed and, where appropriate, further investigation carried out and action taken.

We have searched the UK CAA database for all occurrences that have involved an Airprox routing either outbound from or inbound to the five London Airports (Heathrow, Gatwick, Stansted, Luton, London City) during the period 1 January 2005 to all processed reports as at 26 April 2014 and provided a summary of those reports occurring in both UK and foreign airspace. We have, however, removed identifying information, as this information is exempt from disclosure under section 44 (1) (a) of the FOIA.

Section 44 (1) (a) of the FOIA provides that information is exempt information if its disclosure is prohibited by, or under, any enactment. Under Section 23 of the Civil Aviation Act 1982, information which relates to a particular person (which includes a company or organisation) and has been supplied to the CAA pursuant to an ANO is prohibited from disclosure (a copy of this exemption can be found below).

Reports under the MOR scheme do not routinely include information regarding the number of passengers on board the aircraft, or a risk level reported by the pilot. We do not, therefore, hold this information.

For more information about the Mandatory Occurrence Reporting scheme, please refer to CAP382 which can be found at: [www.caa.co.uk/cap382](http://www.caa.co.uk/cap382)

In addition, the UK Airprox Board (UKAB) separately investigates Airprox incidents occurring in UK airspace. The UKAB publishes a regular review of recently assessed Airprox incidents which include the risk levels reported by the pilots, while each incident is assigned a risk category by the UKAB as part of its assessment.

These reports can be accessed using the following link: <http://www.airproxboard.org.uk/default.aspx?catid=423&pagetype=90&pageid=5638>. Once you have accepted the copyright agreement (this is mandatory), you will see a link to 'Analysis of Airprox in UK Airspace', open this link to view the incident reports required. The reference for each incident assessed by the UKAB (e.g. UK AIRPROX 9/2005) is included in the attachment.

The CAA is not able to provide detailed analysis of Airprox reports which have occurred outside UK airspace as these are subject to foreign investigations.

If you are not satisfied with how we have dealt with your request in the first instance you should approach the CAA in writing at:-

Mark Stevens  
External Response Manager  
Civil Aviation Authority  
Aviation House  
Gatwick Airport South  
West Sussex  
RH6 0YR

[mark.stevens@caa.co.uk](mailto:mark.stevens@caa.co.uk)

The CAA has a formal internal review process for dealing with appeals or complaints in connection with Freedom of Information requests. The key steps in this process are set in the attachment.

Should you remain dissatisfied with the outcome you have a right under Section 50 of the Freedom of Information Act to appeal against the decision by contacting the Information Commissioner at:-

Information Commissioner's Office  
FOI/EIR Complaints Resolution  
Wycliffe House  
Water Lane  
Wilmslow  
Cheshire  
SK9 5AF  
[www.ico.gov.uk/complaints.aspx](http://www.ico.gov.uk/complaints.aspx)

Should you wish to make further Freedom of Information requests, please use the e-form at <http://www.caa.co.uk/foi>.

Yours sincerely

Rick Chatfield  
Information Rights and Enquiries Officer

## **CAA INTERNAL REVIEW & COMPLAINTS PROCEDURE**

- The original case to which the appeal or complaint relates is identified and the case file is made available;
- The appeal or complaint is allocated to an Appeal Manager, the appeal is acknowledged and the details of the Appeal Manager are provided to the applicant;
- The Appeal Manager reviews the case to understand the nature of the appeal or complaint, reviews the actions and decisions taken in connection with the original case and takes account of any new information that may have been received. This will typically require contact with those persons involved in the original case and consultation with the CAA Legal Department;
- The Appeal Manager concludes the review and, after consultation with those involved with the case, and with the CAA Legal Department, agrees on the course of action to be taken;
- The Appeal Manager prepares the necessary response and collates any information to be provided to the applicant;
- The response and any necessary information is sent to the applicant, together with information about further rights of appeal to the Information Commissioners Office, including full contact details.

**Freedom of Information Act: Section 44**

(1) Information is exempt information if its disclosure (otherwise than under this Act) by the public authority holding it-

- (a) is prohibited by or under any enactment,
- (b) is incompatible with any Community obligation, or
- (c) would constitute or be punishable as a contempt of court.

(2) The duty to confirm or deny does not arise if the confirmation or denial that would have to be given to comply with section 1(1)(a) would (apart from this Act) fall within any of paragraphs (a) to (c) of subsection (1).
