Dear

Thank you for your request of 24 March 2020, for the release of information held by the Civil Aviation Authority (CAA). We have considered your request in line with the provisions of the Freedom of Information Act 2000 (FOIA).

Your request and our response:

1) Please supply the date when ILS CAT III status was granted for Runway 27 at Liverpool Airport (LJLA).

The Air Navigation Order Article 205 approval for the Runway 27 Instrument Landing System was granted on 28 November 2017. Cat III operations started on 1 December 2017 at midday.

2) Please supply the date when the recently installed runway 09 ILS localiser at Liverpool Airport (LJLA), contained within the boundary of Hale Road, Bailey's Lane and the (now closed) Dungeon Lane was commissioned and activated for runway 09 approaches.

Following the successful completion of commissioning flight checks on 6 January 2020, a pre-approval audit by the CAA took place on 8 January. The pre-approval audit was satisfactory and an Air Navigation Order Article 205 approval for the Runway 09 Instrument Landing System was granted on 8 January 2020.

3) Please supply the dates, times and periods when the ILS at Liverpool Airport (LJLA) - for both runways 27 and 09 - was unserviceable.

We do not hold the information request as there is no requirement for airports to furnish this type of information to the CAA.

You may wish to contact Air Traffic Control Solutions Ltd (Air Navigation Service Provider for Liverpool Airport), who may be able to provide you with the information you have requested, however, as Air Traffic Control Solutions Ltd are not a public authority subject to the provisions of the FOIA they are not obliged to deal with your request.

If you are not satisfied with how we have dealt with your request in the first instance you should approach the CAA in writing at:-
