Airline specific track plots – EZY,EXS and TOM

# 2017/2018 – Track Plots by Airline GIRLI 3X

- **Coding House variations**

- **Due to differences in the Flight Management System (FMS) coding house, we have witnessed a slight variation in the aircraft track however remaining within the swathe tolerance**

- **The following slides demonstrate TOM (TUI), EXS and EZY. Whilst each airline complies with the swathe tolerance of the SID, there is a difference in the route taken by each airline**
