UK Civil Aviation Authority

List Of CAA Approved Dangerous Goods Training Organisations

As at: 04 November 2026

NOTE: This list shows details of companies that are approved to deliver dangerous goods training. However it should be noted that the absence of a company from the list does not necessarily indicate that it is no longer approved; it may be in the process of renewing its approval, or it may have asked not to be included in the list. Therefore, if a company that has previously been approved is not listed, please contact the Dangerous Goods team at dgo@caa.co.uk for confirmation of the approval status.
