

13 February 2014
FOIA reference: F0001789

Dear XXXX

I am writing in respect of your recent request of 16 January 2014, for the release of information held by the Civil Aviation Authority (CAA).

Your request:

"I am looking to compile manipulatable data on as many aspects of aviation environmental issues as possible, going back to 2000.

The requested data would cover noise complaints and aircraft emission data and any other data that would be relevant to these areas".

Our response:

In assessing your request in line with the provisions of the Freedom of Information Act 2000 (FOIA), we are pleased to be able to provide the information below.

The CAA receives noise complaints directly from members of the public. This information will be used as a reference for any contact by the same individual or organisation, as well as for statistical analysis. We have provided an excel spreadsheet relating to these complaints (see attachment one). We have however, removed information that relates to the identity of the complainants. These have been removed in accordance with section 40(2) of the FOIA as to release the information would be unfair to the individuals concerned and would therefore contravene the first data protection principle that personal data shall be processed fairly and lawfully. A copy of this exemption can be found enclosed.

Noise complaint summary data from the designated London airports, Heathrow, Gatwick and Stansted going back to 2002 (with the exception of Gatwick that goes back to 2006) can be found in attachment one. This spreadsheet provides a count of the number of noise-related enquiries received per quarter by each airport. For more detailed data you would need to approach the airport in question directly.

The CAA also provides an estimation report relating to the population exposed to specific levels of noise at Heathrow, Gatwick and Stansted. This is published each year by the

Civil Aviation Authority

Aviation House GW Gatwick Airport South Crawley West Sussex England RH6 0YR www.caa.co.uk

Telephone 01293 768512 rick.chatfield@caa.co.uk

Department for Transport on their website (see link below).

<https://www.gov.uk/government/publications/noise-exposure-contours-around-london-airports>

Each report also includes a trend of numbers of flights, area covered by noise and population exposed since 1989. This published data has been provided in editable form as requested (see attachments three to five).

Additionally, there is information the CAA has produced for third parties, which is in the public domain:

Information on flight paths and the variations in number of flights on these flight paths is prepared by CAA and published by Heathrow and Stansted airports. Unfortunately the data is only available in PDF format, however, it should be possible to extract the numerical data from these charts to obtain the information you require.

<http://www.heathrowairport.com/noise/noise-in-your-area/aircraft-tracking-maps>

<http://www.stanstedairport.com/about-us/local-environmental-impacts/noise/noise-in-your-area#Maps>

All the above relates to noise. In terms of aircraft emissions, the CAA does not hold any data ourselves. We would advise that a source to obtain aircraft emissions is the National Atmospheric Emissions Inventory, which includes information on amount of aviation fuel sold (aviation bunker fuel). As well being presented as a webpage, the information is also available in an editable form. We have provided a link below.

<http://naei.defra.gov.uk/data/data-selector-results?q=5829>

Further information relating to aircraft emissions can be found on the European Aviation Safety Agency (EASA) website in the form of a databank. This information can be found using the following link:

<http://www.easa.europa.eu/environment/edb/aircraft-engine-emissions.php>

If you are not satisfied with how we have dealt with your request in the first instance you should approach the CAA in writing at:-

The CAA has a formal internal review process for dealing with appeals or complaints in connection with Freedom of Information requests. The key steps in this process are set in the attachment.

Should you remain dissatisfied with the outcome you have a right under Section 50 of the Freedom of Information Act to appeal against the decision by contacting the Information Commissioner at:-

Information Commissioner's Office

Should you wish to make further Freedom of Information requests, please use the e-form at <http://www.caa.co.uk/foi>.

Yours sincerely

Rick Chatfield
Information Rights and Enquiries Officer

CAA INTERNAL REVIEW & COMPLAINTS PROCEDURE

- The original case to which the appeal or complaint relates is identified and the case file is made available;
- The appeal or complaint is allocated to an Appeal Manager, the appeal is acknowledged and the details of the Appeal Manager are provided to the applicant;
- The Appeal Manager reviews the case to understand the nature of the appeal or complaint, reviews the actions and decisions taken in connection with the original case and takes account of any new information that may have been received. This will typically require contact with those persons involved in the original case and consultation with the CAA Legal Department;
- The Appeal Manager concludes the review and, after consultation with those involved with the case, and with the CAA Legal Department, agrees on the course of action to be taken;
- The Appeal Manager prepares the necessary response and collates any information to be provided to the applicant;
- The response and any necessary information is sent to the applicant, together with information about further rights of appeal to the Information Commissioners Office, including full contact details.

Freedom of Information Act: Section 40

(1) Any information to which a request for information relates is exempt information if it constitutes personal data of which the applicant is the data subject.

(2) Any information to which a request for information relates is also exempt information if-

- (a) it constitutes personal data which do not fall within subsection (1), and
- (b) either the first or the second condition below is satisfied.

(3) The first condition is-

(a) in a case where the information falls within any of paragraphs (a) to (d) of the definition of "data" in section 1(1) of the Data Protection Act 1998, that the disclosure of the information to a member of the public otherwise than under this Act would contravene-

- (i) any of the data protection principles, or
- (ii) section 10 of that Act (right to prevent processing likely to cause damage or distress), and

(b) in any other case, that the disclosure of the information to a member of the public otherwise than under this Act would contravene any of the data protection principles if the exemptions in section 33A(1) of the Data Protection Act 1998 (which relate to manual data held by public authorities) were disregarded.

(4) The second condition is that by virtue of any provision of Part IV of the Data Protection Act 1998 the information is exempt from section 7(1)(c) of that Act (data subject's right of access to personal data).

(5) The duty to confirm or deny-

(a) does not arise in relation to information which is (or if it were held by the public authority would be) exempt information by virtue of subsection (1), and

(b) does not arise in relation to other information if or to the extent that either-

- (i) the giving to a member of the public of the confirmation or denial that would have to be given to comply with section 1(1)(a) would (apart from this Act) contravene any of the data protection principles or section 10 of the Data Protection Act 1998 or would do so if the exemptions in section 33A(1) of that Act were disregarded, or
- (ii) by virtue of any provision of Part IV of the Data Protection Act 1998 the information is exempt from section 7(1)(a) of that Act (data subject's right to be informed whether personal data being processed).

(6) In determining for the purposes of this section whether anything done before 24th October 2007 would contravene any of the data protection principles, the exemptions in Part III of Schedule 8 to the Data Protection Act 1998 shall be disregarded.

(7) In this section-

"the data protection principles" means the principles set out in Part I of Schedule 1 to the Data Protection Act 1998, as read subject to Part II of that Schedule and section 27(1) of that Act;

"data subject" has the same meaning as in section 1(1) of that Act;

"personal data" has the same meaning as in section 1(1) of that Act.
