Information provision/data type	Fulfils CAA/Air Navigation Guidance 2017 (For CAA use only)	Additional comments	Link to webpages that contain this information
Runway utilisation and operations		The airport routinely collects and publishes data on runway usage.	https://www.stanstedairport.com/community/noise/noise-overview/ https://www.stanstedairport.com/community/noise/who-does-what/ (NTKWG Section)
Standard Instrument Departure (SID) utilisation		The airport routinely collects and publishes data on SID usage and performance using maps.	https://www.stanstedairport.com/community/noise/noise-overview/
Arrivals data		The airport routinely collects and publishes data on arrivals using maps.	https://www.stanstedairport.com/community/noise/noise-overview/
Continuous Descent Approach (CDA) & Continuous Climb Operations (CCO)		The airport routinely collects and publishes data on CDA and CCO performance. Further information on CDA & CCO is published in the latest NAP.	https://www.stanstedairport.com/community/noise/noise-overview/ https://www.stanstedairport.com/community/noise/noise-action-plan/ https://www.stanstedairport.com/community/noise/our-noise-performance/

Flight tracking & tools		The airport uses WebTrak, a community-facing platform for reviewing airport flights and noise. Stakeholders can investigate and review real-time and historical airport noise, flights and weather.	https://www.stanstedairport.com/community/noise/investigating-aircraft-noise/
Aircraft Traffic Movements		Statistics on Air Transport Movements dating back to 2017 are published on the airport's website in the Flight Evaluation Unit reports.	https://www.stanstedairport.com/community/noise/who-does-what/ (NTKWG Section)
Night quota count		<p>The specific regulations and restrictions around night flights is published online. Further details are published in the airport's Noise Action Plan.</p> <p>Seasonal usage by QC band is also published in the quarterly FEU report.</p> <p>Night Operations Dispensations by Criteria. Letter to SoS for Transport published on airport website.</p>	<p>https://www.stanstedairport.com/community/noise/noise-action-plan/</p> <p>https://www.stanstedairport.com/community/noise/who-does-what/ (NTKWG Section)</p> <p>https://assets.live.dxp.meginfrastructure.com/f/73114/x/a35f824a73/dispensations-summary-summer-2024.pdf</p>
Slot allocation, transfers & sales		Information on slot allocation at Stansted airport is available online.	https://www.acl-uk.org/
Air Traffic Control Practices		Departure and arrival ATC practices and procedures explained in layperson terms are published online. Performance measures are detailed in the Noise Action Plan.	https://www.stanstedairport.com/community/noise/who-does-what/
Weather-related conditions		The airport explains how weather, particularly wind direction, affects their operations.	https://www.stanstedairport.com/community/noise/noise-overview/
Aircraft types used by airlines		Details of the generations of aircraft are detailed in the Noise Action Plan.	https://www.stanstedairport.com/community/noise/noise-action-plan/

Information provision/data type	Fulfil CAA/Air Navigation Guidance 2017 (For CAA use only)	Additional comments	Link to webpages that contain this information
Airline operators		An airline directory is available online.	https://www.stanstedairport.com/flight-information/flight-operators/
Airline route networks/destinations (including changes)		The airport has a dedicated webpage to the destinations that it serves.	https://www.stanstedairport.com/destinations-and-guides/a-z-list-of-destinations/
Airline Standard Operational Procedures		Full details of CDA and CCO procedures are published within the airport's Noise Action Plan 2024-2028. Noise Abatement Departure Procedures (NADP) for specific airlines are not published.	https://www.stanstedairport.com/community/noise/noise-action-plan/
Historic comparisons of route networks flown		Departure and arrival maps dating back to 2007 are available online and are published every 2 years. 2020 reports not published due to the pandemic but commenced from 2022.	https://www.stanstedairport.com/community/noise/noise-in-your-area/arrivals-and-departure-maps/
League tables of airline operational performance		The airport publishes league tables for noise abatement by Airline and has done since 2012.	https://www.stanstedairport.com/community/noise/our-noise-performance/
Data on operations outside of normal operating hours		The airport routinely collects and publishes data on annual day and night operation trends.	https://www.stanstedairport.com/community/noise/who-does-what/ (NTKWG Section)
Airport Consultative Committee (ACC)		The airport's ACC meets quarterly and provides a regular forum to discuss airport operations, issues and future development. Membership includes representation from aviation and non-aviation stakeholders. ACC agenda and minutes are available online.	http://www.stacc.info
Airport noise forums/boards		The Noise & Track Keeping Working Group considers all aspects related to the measurement, monitoring and management of aircraft noise, including the use of aircraft operational procedures and techniques. Membership includes those from the aviation industry and local communities. This is supplemented by a subgroup on the airport's consultative committee, Environmental Issues Group.	https://www.stanstedairport.com/community/noise/noise-action-plan/ https://www.stanstedairport.com/community/noise/who-does-what/ (NTKWG Section)

Information provision/data type	Fulfil CAA/Air Navigation Guidance 2017 (For CAA use only)	Additional comments	Link to webpages that contain this information
Community noise reports		Data on aircraft noise and airport operations is supplemented by the airport's Community Noise Monitoring Program. The independent noise reports are made publicly available. Bi-annual arrivals and departure maps are produced to complement the published annual noise contour reports.	https://www.stanstedairport.com/community/ https://www.stanstedairport.com/community/noise/noise-in-your-area/noise-monitoring-reports/
Community relations events		Regular Community Outreach sessions are held in the airport's surrounding area to discuss aircraft noise and airport expansion.	https://www.stanstedairport.com/community/
Noise Action Plan (NAP)		The airport's NAP is used as a strategy for managing aircraft noise to reduce impacts on communities living around the airport.	https://www.stanstedairport.com/community/noise/noise-action-plan/ https://www.stanstedairport.com/community/noise/investigating-aircraft-noise/
Noise & Track keeping performance (NTK)		The airport routinely collects and publishes data on departure noise levels and noise infringements. If an aircraft has broken DfT regulations the airport will investigate further with the airline concerned. Aircraft noise is recorded by fixed and portable noise monitors.	https://www.stanstedairport.com/community/noise/our-noise-performance/ https://www.stanstedairport.com/community/noise/noise-in-your-area/noise-monitoring-reports/ https://www.stanstedairport.com/community/noise/who-does-what/ (NTKWG Section)
Noise Contour Mapping		Annual noise contour reports are published online. Details on noise contour mapping can be found in the airport's Noise Action Plan and within a dedicated factsheet. (2024 Noise Exposure Contours will be published when received from the CAA)	https://www.stanstedairport.com/community/noise/noise-action-plan/ https://www.stanstedairport.com/community/noise/our-noise-performance/ (Noise Exposure Contours section)

Noise complaints data, reports and handling		Stakeholders can submit a noise complaint via an online form, by email or by post. The airport aims to respond to all enquiries within 8 days. Annual noise complaint reports are published online.	https://www.stanstedairport.com/community/noise/investigating-aircraft-noise/ https://www.stanstedairport.com/community/noise/noise-action-plan/ https://www.stanstedairport.com/community/noise/our-noise-performance/ https://www.stanstedairport.com/community/noise/who-does-what/ (NTKWG Section)
Information on permanent and temporary Airspace Change including trials		Details of the CAA's Airspace Change Process (CAP 1616) are given in the airport's Noise Action Report. Information relating to airspace changes is published online.	https://www.stanstedairport.com/community/noise/noise-action-plan/ https://airspacechange.caa.co.uk/PublicProposalArea?pid=120 https://www.stanstedairport.com/futureairspace/ https://www.stanstedairport.com/community/local-environmental-impacts/performance-based-navigation/
Flight Evaluation Unit Quarterly Report		Reports of all environmental and operational data / reporting metrics are published online.	https://www.stanstedairport.com/community/noise/our-noise-performance/
