## Guidance Notes

### 1. Certifiers of Identification

- The following individuals may act as 'certifiers of your identity'.
- Head of your organisation (145/147/CAO/A8-23/A8-24) (for Aviation Certificates and ID Documents)
- Quality department staff (for Aviation Certificates and ID Documents)
- UK Part 66 or BCAR Section L licence holder (for Aviation Certificates and ID Documents)
- Official bodies such as the post office or solicitors who provide this service (for ID Documents Only)
- Insert on **each** copy page to be enclosed with the application: *'I have seen the original document and I certify that this is a complete and accurate copy of the original'.*
- Insert signature and date.
- Certifier's name must be printed in block capitals.
- Must include position or capacity, e.g. Head of a Part 145/147/CAO/A8-23/A8-24 Organisation/UK licence number

This application may only be used for the grant or extension of the National licence required for certification of aircraft listed in UK Regulation 2018/1139 Annex I and Airships which remain unchanged and continue under BCAR Section L. You will need to complete a separate AD300 for each LWTR category (i.e. Airframe, Engine) for which you are applying, however, where BCAR Section L requires multiple categories to be applied for together (e.g. Aeroplanes 1 and an engine category or A&C Rotorcraft) one AD300 will be acceptable.

If you are applying for a type rating an SRG1005 (AD300) and sufficient SRG1007 (AD301s) covering the work you have done on the type must be submitted for each type for which you are applying (see BCAR Section L Appendix 4).

The oral examination, when required, are routinely conducted at place of work or, at the discretion of the CAA, a CAA office.

**Section 2 Rating Applied For.** If you are applying for Aeroplanes 1 you must also apply for Piston Engines – Aeroplanes or Turbine Engines – Aeroplanes as appropriate; similarly applications for a fixed wing Engine LWTR must also include application for Aeroplanes 1.TBC

### Section 4 Referee

The referee must be a responsible manager within the BCAR A8-23 or A8-24 organisation in which you are employed and should be the same person who countersigns the current period of experience in Section 4 or another BCAR licenced engineer

**Section 5 Experience** This section must be completed in sufficient detail to show clearly satisfaction with the experience requirement in the current issue of British Civil Airworthiness Requirements Section L (Licensing) for the category of licence for which application is made. Although you do not have to describe your complete aviation background you must show at least the minimum experience required by BCAR Section L according to the nature of your application, showing the precise nature of the work you have done and its relevance to the maintenance of operating aircraft. Descriptions of individual tasks are not required for a LWTR application. The experience must be confirmed in Column (3) as stated on the form. All applicants must complete this section but may refer to enclosed documentary evidence in place of the signature in column (3), only when unable to obtain supporting signatures for individual items of experience (please send certified true copies).

**If a type rating is being applied for satisfactory experience recorded in the style of CAP741 or Form SRG1007 (AD301) must be included which must be compiled in accordance with Appendix 4 of BCAR Section L (CAP468).**

### Written Examination Exemptions Claimed

The CAA no longer provides examinations for a BCAR Section L licence. Therefore, for an applicant to gain a BCAR Licence, they must hold an appropriate UK Part 66 B category licence.
