

Standards Document 31

Version 207, 31 July 2025

Approved Training Organisations (ATOs) and Pilot Training Organisations (PTOs) Conducting:

- **Courses of Flight Training**
- **Courses of Theoretical Knowledge Training**
- **Assessments of Aviation English Language Proficiency**

The Civil Aviation Authority approves courses of flying training, theoretical knowledge training and assessments of English language proficiency to be conducted by Approved Training Organisations, Declared Training Organisations and Proficiency Testing Organisations as listed in this document.

- To gain approval for the conduct of a training course for a UK **Part-FCL** Licence, Rating or Certificate, such as an Aeroplane Instrument Rating (Restricted), the training organisation must comply with the applicable requirements of the UK Aircrew Regulation, reference UK Reg 1178/2011 (as amended).
- To gain approval for the conduct of a training course for a UK **National** Pilot Licence, Rating or Certificate, such as a Helicopter Rotorway Executive Type Rating or an Aeroplane IMC Rating, the training organisation must comply with the applicable requirements of The Air Navigation Order 2016 (as amended).
- In general, UK National requirements will be equivalent to those laid down in UK Part-FCL. This is to ensure similar licensing and oversight standards and to simplify compliance for organisations seeking to hold approvals that comply with both UK National and UK Part-FCL regulations.

NOTES:**1) Medical**

The CAA strongly recommends that prospective students ensure **before** committing to any training or associated costs they meet the applicable medical requirements and will be able to obtain an appropriate medical certificate for the issue or re-issue of a licence, certificate, rating or any other required qualification.

The UK CAA can only issue a UK Part-FCL licence or a UK National licence to an applicant for whom it holds appropriate medical and licensing records. An applicant whose medical and licensing records are held by a non-UK aviation authority must apply to that authority for evidence of licensing records and medicals to be provided to the UK CAA.

2) Declaration

The information in this document is produced for general information and guidance only. It does not in any way affect or override the content of any regulation, CAP or other document issued by the CAA.

3) Amendments

Any inaccuracies or errors found in this document should be reported to the CAA Permissions, Approvals and Scheduling team at:
