Multi Pilot Hours: As per CAP2254 definition and list of qualifying types.

Flight hours may be considered as multi-pilot when the individual is qualified on type and, occupying a pilot's seat to perform the duties of a pilot, while conducting 'multi-pilot operations.'

A multi-pilot operation means an operation requiring at least two pilots using multi-crew cooperation. This may be in either a multi-pilot aircraft or, a single-pilot aircraft operated multi-pilot for military purposes. The requirement for two pilots conducting multi-crew cooperation may be defined by the aircraft type certification, aircraft RTS, flying order book, standard operating procedures or similar.

Cross country: 'Cross-country' means a flight between a point of departure and a point of arrival following a pre-planned route, using standard navigation procedures.

Confirmation of Military Experience for Military Aircrew Accreditation Scheme (MAAS) Credits in Accordance with Article 10 of Assimilated Regulation (EU) No. 1178/2011 - GUIDANCE NOTES

The qualifying criteria and credits available under the Military Aircrew Accreditation Scheme (MAAS) are set out in CAP 2254. Refer to CAP 2254 Chapter 7 for guidance on completion.

This form must be completed to confirm the applicant's entitlement for Credits accepted under the terms of the MAAS for persons who are or have been serving members of the UK Armed Forces. Credits are granted under the terms of the UK Credit Report, in accordance with Article 10 of the UK Aircrew Regulation (Assimilated Regulation (EU) No. 1178/2011), as submitted by 22 Group RAF, and as agreed with the CAA. The credits derived from this report are published in CAP 2254.

An applicant claiming credits under the MAAS must include this form in support of their application to the CAA for the grant of any licence, rating, certificate or when applying to take theoretical knowledge examinations based on their military training.

Where the application for the licence, rating or certificate will include training carried out at a Declared Training Organisation or Approved Training Organisation, a copy of this form must also be retained as part of the Training Records for that individual at the DTO/ ATO making the recommendation for licence/rating/certificate issue.

The applicant must submit certified copies of their Personal Flying Log pages and clearly identify their qualifications and flight experience that is relevant to their application for military credits (including Special Qualifications page and Instrument Rating page).

The declaration must be completed by the applicant's Commanding Officer or the Head of Training of the DTO/ ATO where the additional training was completed. Where possible use electronic signatures and, in all case, attach the associated approving email from the approvers @mod.gov.uk email address.

For Military Aircrew that have retired and are no longer in contact with their previous chain of command may contact the military through 22Gp-DFT-MAAS (MULTIUSER) 22Gp-DFT-MAAS@mod.gov.uk email. This will be forwarded to the relevant Royal Navy Fleet Air Arm, Army Air Corps and Royal Air Force chain of command for audit and authorisation. Queries of this kind via this email address will take time to staff, and so please be patient.

Where an applicant for the licence, rating or certificate is not required under the terms of the MAAS to complete training at a DTO/ ATO prior to undertaking the Skill Test/ Assessment of Competence, the Declaration of Commanding Officer is acceptable as a Recommendation for test as required by FCL.030.

This form is to be used with any additional required evidence which can be emailed as a PDF to the following:

For credits towards ground school for theoretical knowledge examinations: FCL-EEExams@caa.co.uk

For queries regarding how the credits are applicable to you: FCLWEB@caa.co.uk

When you are submitting an application for a licence or rating based on a military credit, you will be asked to upload this, as part of the application process.
