Request for Airspace Coordination & Notification (1920F)

Civil or Military Events which include Military Aircraft Flypasts

This form can be filled in on screen (preferred method) and submitted as instructed. Alternatively, please print, then complete in BLOCK CAPITALS using black or dark blue ink Important information for MAC and Chrome users, please read before you complete this form.

The Safety & Airspace Regulation Group (SARG) processes the requirements for airspace in respect of a range of air activities notified to the aviation community by NOTAM and co-ordinated with the appropriate agencies. It is vital that SARG is aware of proposed air displays so that all requests can be de-conflicted against other planned activities and coordinated with the appropriate agencies.

- If your event includes military aircraft you must complete and submit this form by your chosen method no later than **14 days** before the event.
- If your only flypast is being conducted by the Battle of Britain Memorial Flight DO NOT submit this form as BBMF will provide the CAA with all details required.

Do not delay in returning this form because details of display participants have not been confirmed. Supply any available details and resubmit when further detail is confirmed.

Failure to submit your form on time may prejudice participation by military aircraft. Once form is completed click Submit Request. If there any problems submitting the form contact AROps@caa.co.uk or call 01293 768202.
