4. Summary of Intended Change				
Please use the check boxes below to indicate the nature of the intended change(s): *				
Flight Information Region (ENR 2.1)	Upper Information Region (ENR 2.1)	Terminal Control Area (ENR 2.1)		
Other Regulated Airs pace (ENR 2.2)	Lower ATS Routes (ENR 3.1)	Upper ATS Routes (ENR 3.2)		
Area Navigation Routes (ENR 3.3)	Helicopter Routes (ENR 3.4)	Other Routes (ENR 3.5)		
En-Route Holding (ENR 3.6)	Name-Code Designators (ENR 4.4)	Prohibited/Restricted/Danger Areas (ENR5.1)		
Military Exercise/  Training Areas (ENR 5.2)	Other Danger/ Hazard (ENR 5.3)	Aerial/Sporting/Recreational Activities (ENR 5.5)		
Bird Migration/Sensitive Fauna (ENR 5.6)	ATS Airs pace (AD-EGXX-2.17)	Flight Proœdures (AD-EGXX-2.22)		
ATCSMAC (AD-EGXX-5)	Standard Instrument Departure (AD-EGXX-6)	Standard Arrival Route (AD-EGXX-7)		
Instrument Approach Procedure (AD-EGXX-8)	Visual Reference Point .	Release of Controlled Airs pace .		
Please use the check box below to indicate	whether this is an administrative change:			
Does your proposal represent an admir	nistrative change to the Aeronautical Informa	tion Publication (AIP)?		
5. Statement of Need				
Statement of Need should dearly articulate	Please provide a brief 'Statement of Need' expressing explicitly what airspace issue or opportunity you are seeking to address. Your Statement of Need should dearly articulate the current situation, the issue (and the cause of it) to be resolved or the opportunity to be addressed along with any other factors or requirements. *			
Danger Area is currently authorized for th	Approval is sought for Beyond Visual Line Of Sight (BVLOS) Unmanned Aircraft Systems within Danger Area D0 26 Lulworth. The Danger Area is currently authorized for the use of Unmanned Aircraft Systems (VLOS), as listed in the AIP at ENR 5.1, however the expansion of BVLOS systems into increasingly specialist military training requires additional designated areas to utilize these platforms.			
	Existing airspace structures will not be affected in any way by this proposal, nor will there be any requirement to raise the upper level (by NOTAM) of the Danger Area to accommodate the training.			
In order to comply with the CAA Buffer Policy for Unusual Airspace Activities, use of BVLOS UAS in D026 will be restricted to the southern half of the Danger Area. This will ensure that a minimum of 3 nm lateral separation from the adjacent Bournemouth Control Area will be maintained at all times. The northernmost boundary will coincide with a public road which will provide easy recognition to air system operators. Air sentries will also be deployed as required.				
	so be deployed as required.
