

A member of the CAA must disclose and record any interests that are or may potentially be relevant to the performance of their functions. Further, a member of the CAA may not take part in any deliberation or decision of the CAA where the CAA decides that the member's interests might prejudicially affect their consideration of the matter at hand. For these reasons, the CAA has long maintained a register of members' interests and keeps its Ethics Policy under review. At its meeting on 14 July 2021 the CAA decided to publish its register of members' interests. Additionally, the CAA decided to publish the interests of a small number of senior managers as well the officers of the subsidiary companies of the CAA. The information set out below is current as of 17 April 2026.
