Notes

1. Non EASA balloons, Sub 115kg category microlights and Hang Gliders can fly on private flights beginning and ending in the UK without a CofA or Permit to Fly, please note that on this report they appear as Invalid.
2. EASA gliders are now UK Registered but their Certificate of Airworthiness details for the majority of aircraft are temporarily shown as invalid during the transition process even though valid certification may have already been granted.
3. The "No Full Certificate" category includes aircraft that have not yet applied for a CofA / Permit or have temporary or export documents.
4. The "Unknown" category includes aircraft with former CofA / Permit categories that are now obsolete.
5. Validity periods supplied by recommending organisations such as the LAA and BMAA are subject to a processing delay and aircraft may appear as invalid even though a current CofA / Permit is in place.
