

Solent collaborative airspace trial

1 August to 16 October 2016

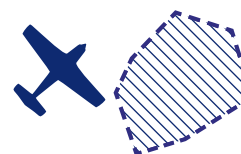

Radio and transponder equipped?

Select the listening squawk 0011 and listen out on 120.225 MHz

Radio equipped but no transponder?

Call Solent Radar on 120.225 MHz stating your callsign, position and altitude

No radio and no transponder?

Fly as normal and plan to avoid controlled airspace

Join the trial to help reduce infringements
