Dear XXXX

I am writing in respect of your recent request of 7 January 2015, for the release of information held by the Civil Aviation Authority (CAA).

Your request:

Information relating to any cyber attacks on the CAA.

More specifically I seek: information relating to the number of cyber attacks, or unauthorised IT encroachments from outside third parties, that have been detected by the CAA on CAA computer equipment since 2008.

I would seek the total number of cyber attacks or encroachments, broken down annually, and details about the nature of the incident such as the type of infringement detected.

Our response:

Having considered your request in line with the provisions of the Freedom of Information Act 2000 (FOIA), we are able to provide the information below.

Using the dictionary definition of a cyber attack, “an attempt by hackers to damage or destroy a computer network or system”, since 2008 the CAA has no record of a cyber attack detected by the CAA on its computer equipment. Also, since 2008, we do not have any record of any unauthorised IT encroachments from outside third parties.

If you are not satisfied with how we have dealt with your request in the first instance you should approach the CAA in writing at:-
