I am writing in respect of your recent request of 16 January 2016, for the release of information held by the Civil Aviation Authority (CAA).

Your request:

*'The average number of fixed wing aircraft >5700kg MAUW on the UK register between 2005 and 2011.*

*The average number of helicopters >5700kg MAUW on the UK register between 2005 and 2011.*

*The number of UK Part 145 organisations with A ratings for maintenance of aircraft (of any type) >5700kg. This can be currently or any year between 2005 and 2011.'*

Our response:

Having considered your request in line with the provisions of the Freedom of Information Act 2000 (FOIA), we are able to provide the information below.

In response to questions 1 and 2, we regularly publish aircraft registration statistics on the CAA website. Please use the following link where you will find UK registered aircraft by class and weight group, these can be viewed by both multi-year and single year.

In response to question 3, as of 19 January 2016, there were 75 UK part 145 organisations with A1 ratings, which allows them to work on aircraft weighing more than 5700kg.
