Dear [REDACTED]

I am writing in respect of your recent request of 1 March 2017, for the release of information held by the Civil Aviation Authority (CAA).

Your request:

'Please could you supply information held on operators of UAV aircraft which currently hold permissions to fly at night. I should be grateful if this can be expressed as both a figure of actual numbers of holding this entitlement and also as a percentage of overall PFCO holders compared to PFCO holders with permission to fly at night (being outside of 30 minutes before and after sunrise).'

Our response:

Having considered your request in line with the provisions of the Freedom of Information Act 2000 (FOIA), we are able to provide the information below.

I can confirm that there were 430 night flight permissions issued in 2016/2017. There are currently 2,497 permissions as per [CAP 1361](#); therefore 17.22% of total permissions issued in 2016/2017 were for night operations.

If you are not satisfied with how we have dealt with your request in the first instance you should approach the CAA in writing at:-
