Dear [REDACTED]

I am writing in respect of your recent request of 23 August 2018, for the release of information held by the Civil Aviation Authority (CAA).

Your request:

*In accordance with the terms and conditions of the Freedom of Information Act 2000, please supply me with the CAA's latest and current airspace and flight agreement with the airfield owners/operators, clearly showing the CAA approved flight paths in and out of the airfield using all Goodwood airfield runways.*

Our response:

As your request concerns information on activities likely to affect elements of the environment, we have considered your request in line with the provisions of the Environmental Information Regulations 2004, and we are able to provide the information below.

There are no 'CAA approved flight paths' for aircraft using Goodwood aerodrome. Details of Goodwood aerodrome's circuit patterns and noise abatement procedures can be found on the aerodrome's website at: <https://www.goodwood.com/sports/flying/pilot-information/old-circuit-patterns--noise-abatement/>

Details on Goodwood aerodrome's operational hours, noise abatement procedures and flight procedures are available in the UK Aeronautical Information Publication (AIP) which can be found at: [http://www.nats-uk.ead-it.com/public/index.php?option=com\\_content&task=blogcategory&id=44&Itemid=93.html](http://www.nats-uk.ead-it.com/public/index.php?option=com_content&task=blogcategory&id=44&Itemid=93.html)

Please also find attached a screenshot from a Visual Flight Rules (VFR) aviation chart showing the area around Goodwood aerodrome, which is marked on this chart.

If you are not satisfied with how we have dealt with your request in the first instance you should approach the CAA in writing at:-
